Print only this page first to check accuracy. The Mood square above should measure 2 inches. Print "actual size" in "portrait" mode (not auto center). Formatted for both US Letter & A4 paper sizes.

Formatted for both
US Letter & A4 Paper

Trimless Option:

This is the fastest! No trimming needed! Place left-side margins over right-side margins, overlapping dashed lines and dots. In the same fashion, top margins will overlap bottom margins. Slight unprinted gaps are normal for this method.

Trimmed Option:

This removes any unprinted gaps. Trim along the top and right margins at the dashed lines. Overlap the trimmed margins to the untrimmed margins, matching dashed lines and dots.

Tip! Build rows first, then join the rows together as you go.

Size guide is based on the suggested design & wearing ease for this style. You can also choose the size according to your desired finished garment measurements, blending between sizes as needed. There is negative ease for the bust measurement for fitting purposes. Measure the printed patterns to make sure the dimensions are according to the desired fitting and adjust if needed before cutting the fabric. For best results sew a test garment in a similar fabric to adjust your pattern.
